

C-AR2017 Conference

C-AR 2017 – Conference on Automation and Robotics (de/en)

Parallel to the Smart Automation Linz

The conference provides a practical insight into the fascinating world of industrial automation and future vocational training. The conference is parallel to the Smart Automation fair in Linz and also incorporates a networking event in the evening.

Special highlight this year: integrated counselling centre for professional visitors „Experts for Visitors“

The event is organised by the Mechatronic Platform Austria, Technical University Graz, Centauro GmbH, Association for Supporting Automation and Robotics F-AR and Platform Automation.

Date: Linz, 16th/17th May, 2017
